Republican Party Questions

1. The Biden administration has stopped building the border wall and illegal border crossings have dramatically increased. Should securing our border be a national priority?
2. Education is the largest line item in the state budget. Should education dollars follow the student to the school that best fits their need, whether it is public, private, magnet, charter, virtual or homeschool?
3. Florida has passed a law to stop social media platforms from influencing political campaigns by censoring candidates. Should Georgia pass such a law to protect free speech in political campaigns?
4. Two of the three current federal work visa programs are lottery based. Should federal work visas instead be issued on job skill?
5. Biological males who identify as females have begun competing in female sports. Should schools in Georgia allow biological males to compete in female sports?
6. To prevent ballot tampering, state law prohibits political operatives from handling absentee ballots once they have been marked by the voter. To protect the integrity of our elections, should the enforcement of laws against ballot tampering be a priority?
7. Absentee drop boxes are vulnerable to illegal ballot trafficking. Should absentee ballot drop boxes be eliminated?
8. Crime has dramatically increased throughout the country including in our capital city of Atlanta. Should the citizens of residential areas like the Buckhead community of Atlanta be allowed to vote to create their own city governments and police departments?
