Local News for the Way You Live Today

The Power of Why

Since 2017, *East Cobb News* has been fully invested in building a sense of community with timely, professionally reported online news and information, and in promoting local businesses, which strengthen our community.

It's From the Heart

Raised and educated here, we call East Cobb our *home*. We consider it a privilege to be able to serve our community this way.

It's All About Local

With the local news business in sharp decline, it's never been more important to have a trusted, reliable community news resource.

It's About Connection

While established media outlets stretch themselves thin and cut back, *East Cobb News* is growing, going all-in and deeply cultivating community-minded readers.

The Power of Local

At *East Cobb News*, we've led coverage of issues important to the community—Cityhood, schools, development, quality of life and the COVID response. We post several times a day *every day*, so when East Cobbers want to find out what's going on *right now*, they know where to turn. You'll want to be there too.
