

FACT SHEET:

Trickum Rd at Rocky Mtn Rd/Eula Dr Roundabout Project (Project # B2446)

PROJECT OVERVIEW

Cobb County is proposing a single-lane roundabout at the intersection of Trickum Road at Rocky Mountain Road/Eula Drive. The purpose of the project is to improve safety and operational efficiency at the intersection.

The next steps include design plans, right-of-way (ROW) approval, and construction. Once approved, construction will take 24 months. The estimated cost for roadway construction is \$2,362,245.

TRAFFIC DATA

The project team completed traffic analysis at the intersection to understand traffic flow, using a measure called Level of Service (LOS). The team examined how traffic currently flows through the intersection and also projected how it would function in the future (2044). The analysis compared two scenarios: if the intersection stays as it is now, and if the proposed roundabout improvement is implemented.

HOW LONG WILL YOU WAIT? (Seconds on Average)						
Movement Direction	Current		No Build (2044)		Roundabout (2044)	
	AM	PM	AM	PM	AM	PM
East	19.2 (C)	18.8 (C)	23.9 (C)	23.2 (C)	8.0 (A)	4.9 (A)
West	43.1 (E)	28.6 (D)	94.5 (F)	40.9 (E)	4.7 (A)	6.4 (A)
North	0.4 (A)	0.6 (A)	0.4 (A)	0.7 (A)	5.2 (A)	8.4 (A)
South	0.5 (A)	0.3 (A)	0.5 (A)	0.3 (A)	11.3 (B)	6.7 (A)

Level of Service Criteria for Unsignalized Intersections:

- A ≤ 10 seconds Minimal Delay
- B > 10 seconds and ≤ 15 seconds Occasional Delay
- C > 15 seconds and ≤ 25 seconds Moderate Delay
- D > 25 seconds and ≤ 35 seconds Noticeable Delay
- E > 35 seconds and ≤ 50 seconds Delay approaching tolerance
- F* > 50 seconds Delay exceeding tolerance

COMMENT FORM

Provide your comments on the the proposed operational and safety improvements at the intersection of Trickum Rd at Rocky Mtn Rd/Eula Dr.

Please print responses. If you do not leave contact information, we cannot follow up with you.

Full Name (First, Last)

Email

Mailing Address

City

Zip code

How often do you travel through the area at Trickum Road at Rocky Mtn Rd/Eula Dr?

Daily Several times a week Weekly Less than weekly

Do you support the project? *(check your response)*

Strongly support Neutral Oppose Strongly Oppose

What are your primary reasons for supporting or opposing the proposed roundabout? *(Check all that apply)*

Improved traffic flow Increased safety Reduced congestion Concerns about construction delays
 Concerns about roundabout design/navigation Concerns about increased travel time
 Other *(please specify)*: _____

Provide any additional comments:

Comments and questions regarding this project can be submitted by mail or email until **April 12, 2025** to:
